If you have your card issued, corresponding access permissions should be automatically derived from your relation to the institution. The small delay (one day at most) could be expected during synchronization of systems.

Please report any technical problems to IT Office.

If card is lost, report immediately to have it blocked. Use Charles University web page https://www.cuni.cz/UK-5361.html

You can introduce (pair) your ID card with the multi-functional printer at the 3rd floor (CANON) or MyQ print spooler (KYOCERA). Just follow the instructions at the display of the printer.
