

Local Folders in Mozilla Thunderbird

(archiving mail messages)

Default location of Local Folders

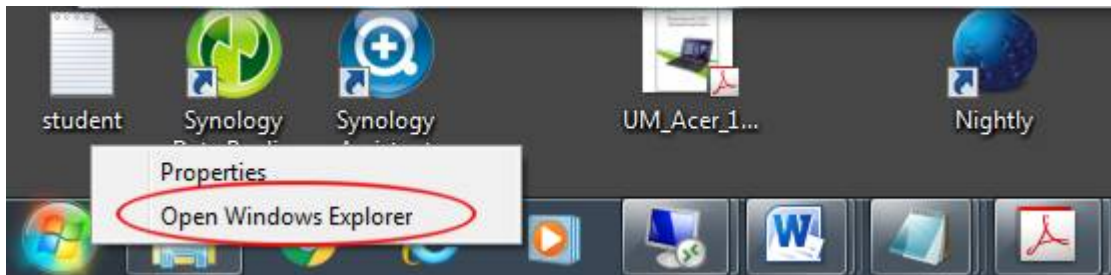

Network Thunderbird

```
C:\Users\<>username>\AppData\Thunderbird\Mail\Local Folders
```

Locally installed Thunderbird

```
C:\Users\<>username>\AppData\Roaming\Thunderbird\Profiles\<>profile name>\Mail\Local Folders
```

1. Create a new storage location for Thunderbird Local Folders on your local disk partition

2. Move the contents of Local Folders from default to new storage location

from

C:\Users\\AppData\Thunderbird\Mail\Local Folders

or

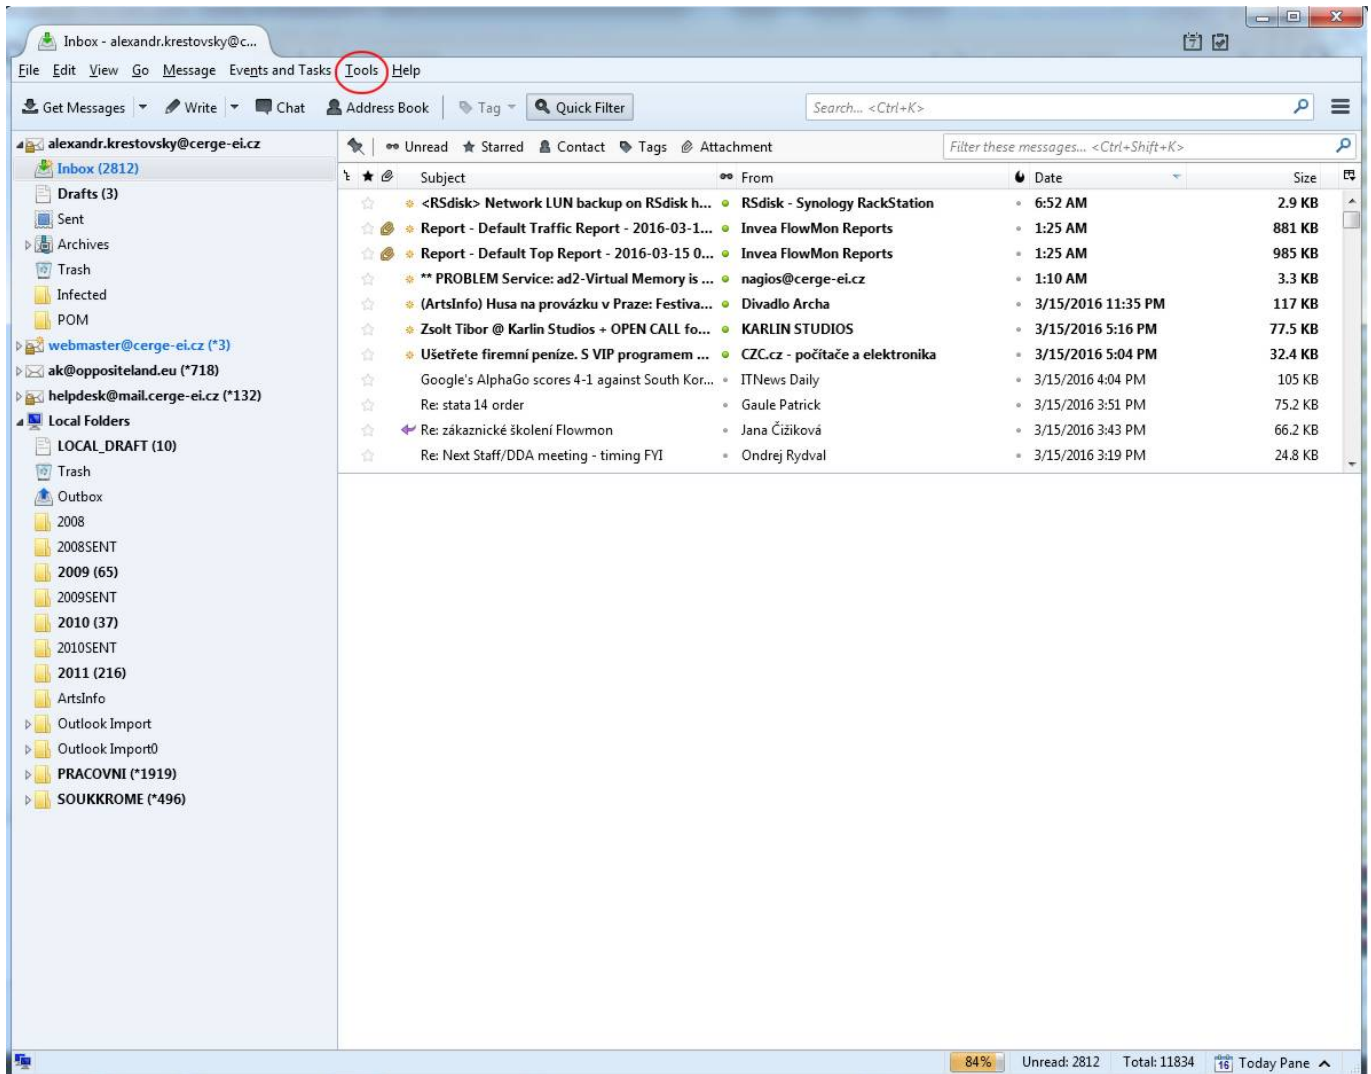

C:\Users\\AppData\Roaming\Thunderbird\Profiles\\Mail\Local Folders

to

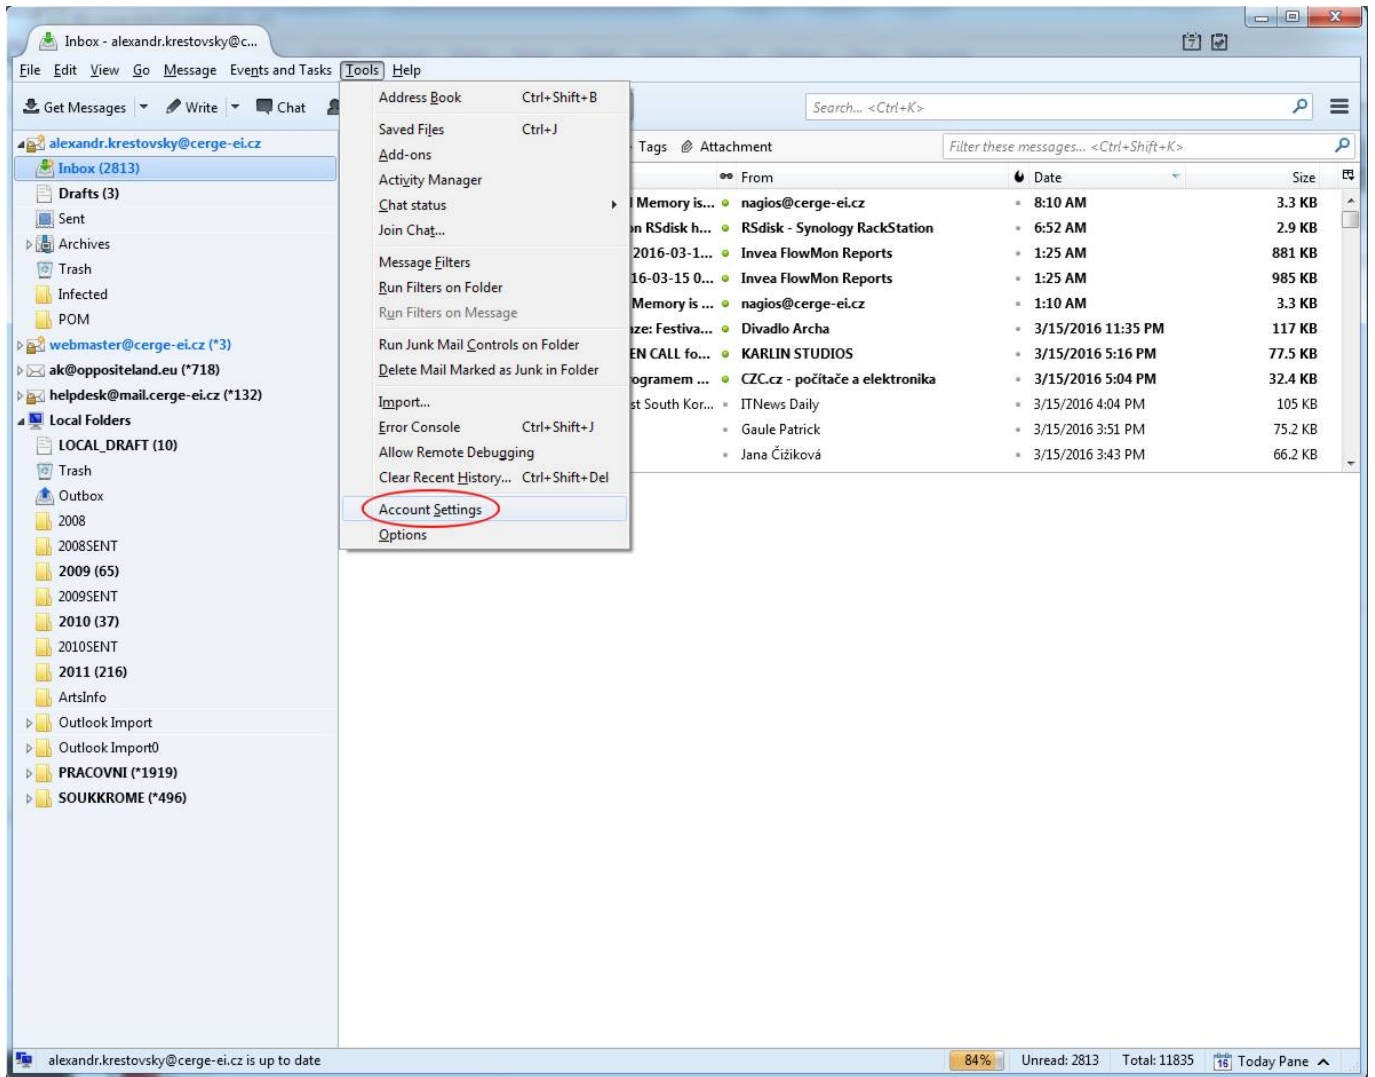

D:\My Local Folders

Changing Local Folders Location in Mozilla Thunderbird

1. Open your Thunderbird application and click on **Tools** in the upper menu

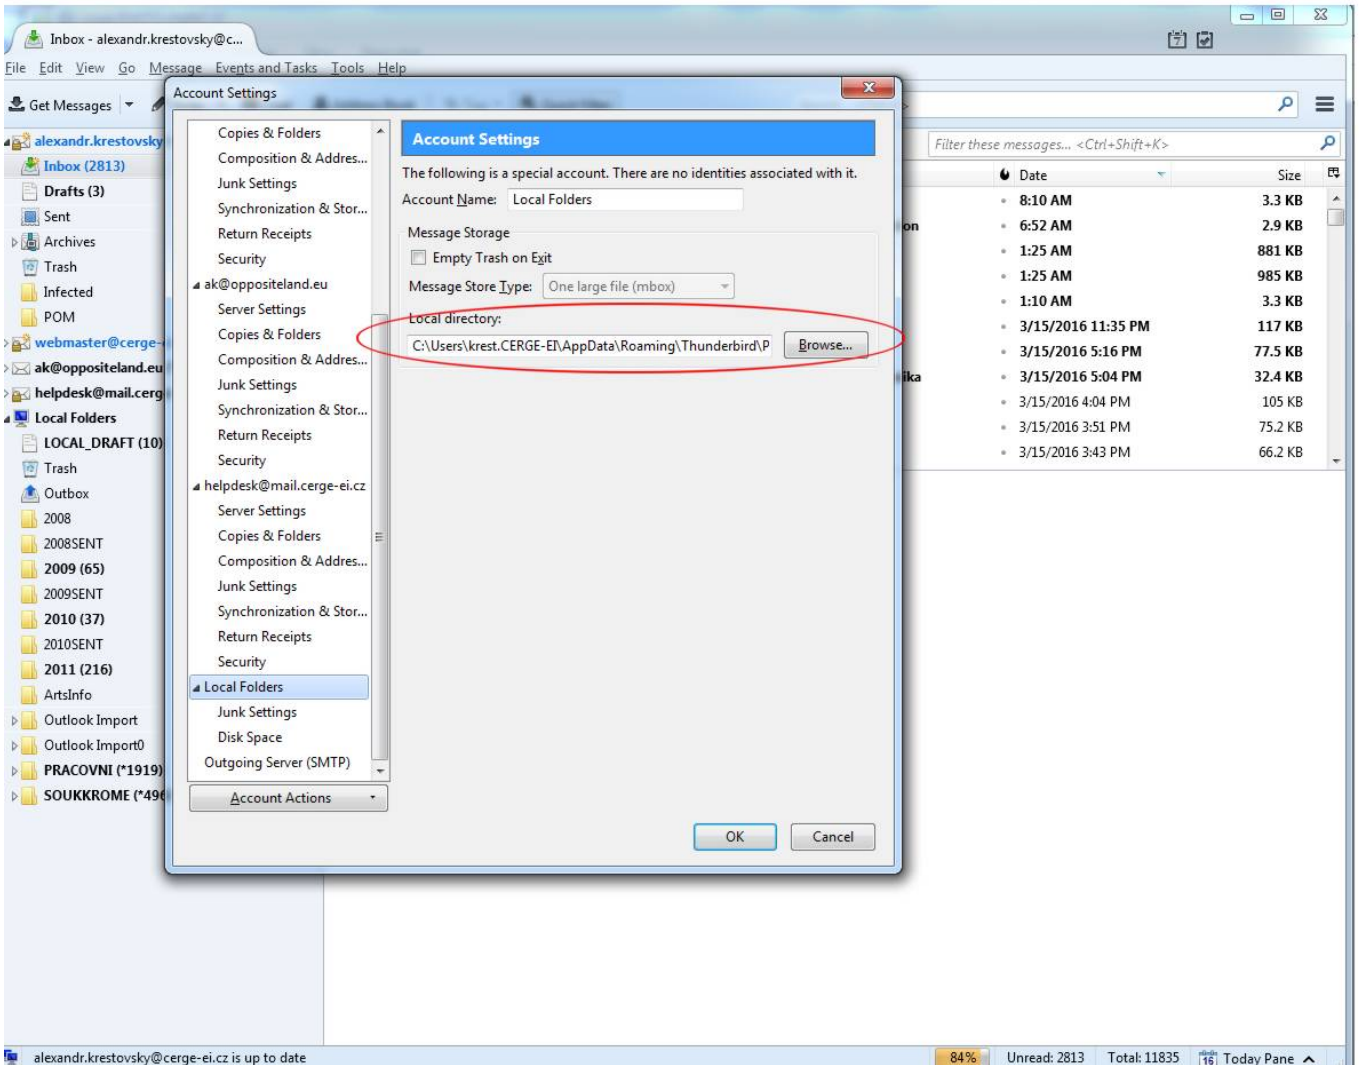

2. Click on **Account Settings** in the pop-up menu

3. Select **Local Folders** in lowermost part of the Account Settings menu

4. Click on Browse to locate a new Local Folders directory (My Local Folders)

5. Find and select **My Local Folders** as the Local Folders directory

6. Set **My Local Folders** as the Local Folders directory

Create a new local folder

1. Click on **Local Folders** in the mailboxes and folders list and select **New Folder...** in the pop-up menu

2. Enter the name of the new local folder and click **Create Folder**
