

Zimbra retention/disposal setup

aka disposal of the old emails

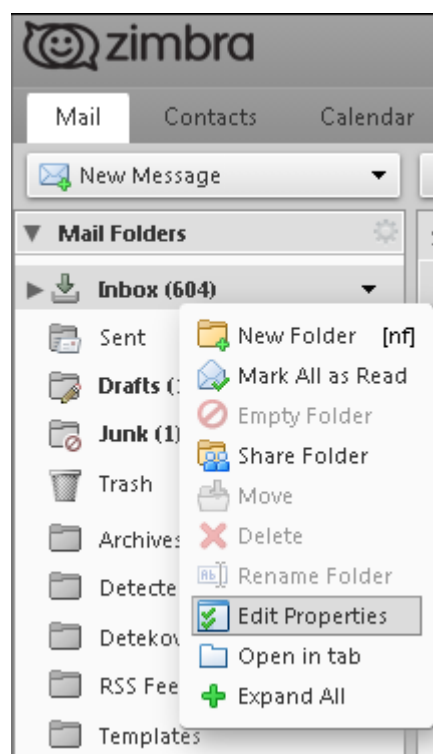

- **Clean messages** older than ...Retention could help to solve smoothly the mailbox maintenance.
 - It keeps emails in choiced folder (e.g. INBOX) for only a few weeks or months.
 - You can keep choiced messages permanently moved to other folder, if you need.
- You can set specific retention period for any folder (unlimited by default) to be cleaned automatically by its shredding conditions.

Setup via web client

Log into zimbra web client <https://mail.cerge-ei.cz>

Rigth click folder → Edit Properties → tab Retention → check [x] Enable Message Disposal

Enter the time period after which deletion/disposal will take effect.

Folder Properties

Properties

Retention

☐ **Enable Message Retention**
Messages in this folder which fall within the retention range will require explicit confirmation before being deleted.
Retention Range: Custom years

☒ **Enable Message Disposal**
