ArcGIS Desktop Advanced

Licenses return after 30 days unless the application allows use of ArcGIS Desktop in off-line mode.

Important: CERGE does not pay for 'premium' services offered by ArcGIS such as online storage, storage of all content excluding hosted feature layers and content in ArcGIS Notebooks, layers, infographics, feature reports, scene layer generation etc.

These services are credited while they are used.

Users are not supposed to use credits because CERGE did not pay for these credits in the year's subscription and must not be charged extra money later for the credit use (even credits used by mistake).

(just for better understanding - one credit is similar to one US dollar)
1.2 credits per 1 GB stored per month
for more information see https://doc.arcgis.com/en/arcgis-online/administer/credits.htm

Credits system: https://www.esri.com/en-us/arcgis/products/credits/overview

Following is the extract from the credit system applied by ArcGIS (2021):

Directions **, Connect Origins to Destinations **

0.005 credits per simple route

Optimized Routes

Directions ** with **Optimize order**

[[https:/**/doc.arcgis.com/en/arcgis-online/analyze/join-features.htm|Join Features **]]**

1 credit per 1,000 features (queried for Find Existing Locations ** and Derive New Locations **)

Note:

Join Features does not consume credits if you choose the option to create results as a hosted feature layer view.

Business Search

Searchbusinessesandfacilities in Business Analyst Web App

10 credits per 1,000 records

Demographic Maps and Layers

|
Tapestrylayer in map
|
10 credits per 1,000 map requests (pan, zoom, and identify)
| |
Infographics
|
Viewinfographic in ArcGIS Maps for Office
|
10 credits per 1,000 views
| |
Feature Reports
|
Generatefeaturereports in ArcGIS Survey123
|
0.5 credits per report
| |
Reports
|
Runreports in Business Analyst Web App
|
10 credits per report
| |
Tile Generation
|
BuildtilecachewithArcGISOnline
|
1 credit per 10,000 tiles generated
| |
Scene Layer Generation From Features
|
Publishhostedscenelayersfromhostedfeaturelayers
|
1 credit per 1,000 textured multipatch features

1 credit per 5,000 untextured multipatch features or point features
| |
ArcGIS Notebooks runtimes
|
Create, open, and run notebooks
|
3 credits per hour, per notebook using the Advanced runtime, calculated per minute (10 minute minimum)

30 credits per hour, per notebook using the Advanced with GPU runtime, calculated per minute (10 minute minimum)
| **Users of the ArcGIS are not permitted to use 'premium' features**
